

AMEDEI

Amedei are our near neighbours, bordering one of the vineyards just before La Rotta.

You can arrange to tour the factory by appointment and it's a fairly rare opportunity and comes at a price! Ask us for more details and we can make arrangements for you.

You'll see Amedei chocolates in lots of premium places, not least the airport. We also have a variety at Le Sodole reception where we price them "cost" just so you have a try. Tell us what you think and we'll be sure you re-order your favourites.

Amedei - turn right outside Le Sodole, then left up the hill and left at the top. It's on your right. BY APPOINTMENT ONLY.

Amedei's chocolate is handcrafted by specialist chocolatiers. To see the process in action, check out the video to the right.
