

THE CARRARA MINES

This looks amazing but we need some guest input to tell us more about the tour.

Or we need to take a day off and go and visit maybe next month!

You explore the quarries by 4WD with your guide and learn about the techniques used to mine the rock.

The tour departs 2pm daily and so you've time to visit Viareggio in the morning and lunch there on the promenade.

Remember to leave some space to sample the lardo - it's part of the tour (we can't say why).
