Simple things made special in Tuscany.

This isn't an upmarket or exclusive spa experience as you might know it. Visiting the thermal waters is something that local people do - dare I say "ordinary local folks".

You can check out the prices of treatments on their web site and in busy periods make a point of booking in advance.

If you spend the morning at the spa then why not visit Osteria Del Sole for lunch - it's in Capannoli and is on your route back to Le Sodole.

Check it out on our where to eat pages.
