

LE SODOLE

You're on property restaurant - designed around your needs so speak up if it's not everything you want it to be!

Open 6 days - closed Mondays - for lunch and dinner it serves traditional Italian dishes, modern creations and international dishes to try to match your every need.

Traditional classics like lasagna, spaghetti ragu because you might have been looking forward to them for weeks, modern interpretations because it's fun to evolve and international options because sometimes it's just what you fancy.

Our signature dish of wild boar and puréed potatoes might become your favourite too and the chicken tikka that underpins our room service menu might be a life saver some nights.

Whatever your fancy, tell us if you want something special - our steak pie on Sundays is an unashamed bribe to the local Brits to make them welcome at Le Sodole. Our fresh fish "specials" can be a highlight of any trip so tell the chef what you'd like and let him delight you. It's your restaurant after all.
