

MELOGRANO

Where and when?

Our closest restaurant - in La Rotta - this is a great fall back if you're not heading for a specific place but you want to venture "off property".

Melograno is another restaurant with a large varied menu that will not disappoint and it's moderately priced.

Open 6 nights from 7.30pm - closed Wednesdays.

Make a point of booking through Le Sodole reception and arrange a taxi in advance if you don't want to drive to Melograno.

If you are driving take a right when you reach the road then left up the hill and left again to pass by Amedei chocolate factory. Over the railway bridge and turn right - drive to the end of the road and turn left toward La Rotta and Melograno is on your left.

The wine list isn't very extensive at Melograno so our recommendation is that you ask for Helianthus - produced at Le Sodole.
