VILLATRENTUNO

LUCCA

Based in Lucca, this artisan workforce produce the most original ladies handbags. We carry a couple of samples in our display cases at Le Sodole and if you like the style you can create own colour match and collect from the factory.

Check out the web site [villatrentuni.com](http://villatrentuni.com) and choose your handbag style, colour coordination and accessories - a bag as unique as yourself, made only for you by artisans.

Best of all order your bag in advance and collect it from the factory yourself - direct from the designer herself - another example of simple things being special in Tuscany.
